28TH October 2008

Mr David Wright
IKAD Engineering,
Unit 2/55 Quill Way,
P.O. Box 1529
Bibra Lake
WA 6965

David,

On behalf of the Royal New Zealand Navy I wish to convey my appreciation to your company for the assistance that was provided with regard to the Gearbox Bearing inspection on HMNZS TE MANA. The performance of your staff is a credit to your company.

The professional demeanour and ability of your employees to communicate effectively with the customer was instrumental in making a potentially high risk and difficult task run smoothly and efficiently.

Your organisations ability to respond at short notice to a change in scope and provide alignment support was appreciated as this ensured that this task had negligible effect on the ships planned operations.

Once again, on behalf of the RNZN, please convey my thanks to Andrew and Ernst for their efforts.

K.WISHART
Commander, RNZN
Fleet Marine Engineer Officer
