## Letter of thanks

Date : 29/07/2022

Attn: IKAD Engineering  
Vessel : Normand Tortuga

On behalf of **Solstad Australia**

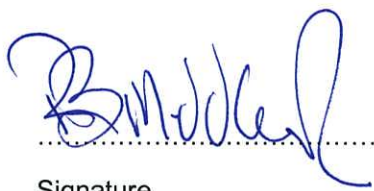

### Dear Matt:

Please relay to your management and the onsite teams involved in Normand Tortuga box cooler repairs over past two months our words of thanks for the way in which this work was carried out with all the challenges faced.

This was far from a normal yard job and we are grateful that IKAD could partner us in returning Tortuga to service and delivering the vessel to our client.

My thanks to you for leading the teams, giving guidance, always being available and at all times maintaining highest focus on safety

Great job IKAD
